

MONEY FURNISHED BY JOB HARRIMAN

Late Candidate for Mayor Is Drawn Into Bribery Case.

Los Angeles Cal., May 31.—Job Harriman, late candidate for Mayor of Los Angeles on the Socialist ticket, to-day at the trial of Clarence S. Darrow, for alleged jury bribing, heard himself accused of being the man who provided Darrow with the alleged bribe money. Later in the day he heard the same witness, Bert H. Franklin, testifying for the State, quote Darrow as saying, "If you mention my name I want you also to mention what you know about Job Harriman."

For the first time since the arrest of Franklin and the indictment of himself and Darrow, the names of prospective Mayor Lockwood and Bain, alleged to have been sought to be bribed, were injected into the case.

Franklin said he had entered into negotiations with A. K. Kruger, and he had been "turned down" by three others—Guy L. Smith, a Los Angeles cigar dealer; A. H. Lockwood and Frank Smith, of Covina. Franklin appealed to the court when asked to mention the names of the men he said he had approached, as they were all his friends. He made a similar appeal when asked the name of the man who was said to have approached Kruger before he had. The witness exhibited much emotion when he related his conversation with Kruger, in which he said Kruger had told him that another man had offered him \$500 for his vote as a McNamara juror.

Names Los Angeles Lawyer.

Kruger, he said, wanted to know if they were both working for the same side. He named a Los Angeles lawyer, heretofore not mentioned in connection with the McNamara case, which drew an indignant protest from Chief Attorney for the Defense Rogers. Franklin testified that he had told Darrow after the arrest of Franklin that he had been approached by Kruger. He said that he had not been present when he was arrested but had intended to turn Lockwood over to the police for accepting a bribe.

"That was," asserted the witness, "when I found that Lockwood had turned traitor to me."

After his arrest, Franklin testified, Darrow had assured him that his family would be looked after.

Franklin related numerous conversations with Darrow, in which the former's course was discussed. He did not fear conviction for the attempt to bribe Lockwood, he said, but Leconte Davis had been conducting negotiations with the district attorney with a view of getting the latter to accept a plea of guilty on the part of Franklin. In the event of such a plea and the imposition of a fine of \$5,000 as anticipated, Lockwood would be free, the witness said, that he would pay the fine, and in addition give him \$500 for the protection of his family until he could rebuild his reputation in the community.

"I told Mr. Darrow," continued Franklin, "that if the district attorney accepted my plea of guilty and dismissed my other counts, and if he would care for my family as promised, I would accept the proposition."

On another occasion, the witness said, he had been informed by Davis that the latter had serious doubts of the acceptance of the district attorney of a plea of guilty. He asked him what would be the best procedure in that event, and he told him that he was not ready to concede his defeat along that line," said Franklin.

A plea of guilty and request for probation was also discussed. In that case, the witness said, Davis agreed to give him

Story Was Planned.

At a later date a plan was suggested by Davis, the witness, of inventing a story of a Franklin-Darrow go-between in order to save the latter, but Franklin told him, he said, that Assistant District Attorney Ford would never believe his story.

It was at this point that Darrow mentioned Harriman's name, and Davis thought it was a very unfair thing to say, said the witness.

"I said it was a poor statement for him to make, implicating another party," said Franklin. "Then I told Mr. Davis if he would assure me that I would not get over two years in the penitentiary, I would plead guilty and say nothing. This practically concluded Franklin's direct examination."

Attorney Rogers then began his cross-examination with questions concerning Franklin's past relations with Lockwood and the former's expressed willingness to have Lockwood plead for accepting the bribe.

"I was doing my best to get out of the scrape I was in," declared Franklin.

The witness denied that he had been offered immunity, but said he knew the law granted him immunity when he went on the stand for the prosecution.

GOMEZ PERMITS MARKES AND

EXCITEMENT IN HAVANA

Rumor That Battle Had Taken Place Near Santiago.

Havana, May 31.—President Gomez to-night telegraphed General Montegudo, the commander-in-chief of the Cuban army, who is at the scene of the hostilities in the province of Oriente, stating that the general might permit American marines to land on Cuban soil to guard foreign property.

The dispatch added that the Cuban forces then might retire from guarding such places and devote themselves to pursuing the insurgents.

Interest in Havana to-day centered in the question whether the United States gunboat Paducah would land marines at Daiquiri to protect the property of the Spanish-American Iron Company. It overshadowed completely all the reported occurrences from the theatre of hostilities.

The American legation to-day received advices from Daiquiri that the plant of the iron company had been attacked, but that its assailants were held in check by forty guards, who later were reinforced by 100 other men.

This combined force drove off the insurgents, and on the arrival of the Paducah the fighting was over, and apparently there was no necessity for extending the aid of the American.

Later in the day, Colonel Marti, chief of the Cuban army, and Lieutenant-Colonel Consuegra, sailed from Santiago on the gunboat Hucay for Daiquiri to explain to the commander of the Paducah the situation on shore and to inform him that there was no necessity for landing American forces.

It is understood that the Paducah will remain on watch off Daiquiri.

There was great excitement this evening in Havana when several of the newspapers issued extra editions announcing that a battle had taken place not far from Santiago in which many rebels had been killed by the fire of the Cuban artillery. The government to-night said there had been no battle, but that a collision had taken place between national and rebel forces, in which the former's artillery was brought into play, apparently with good effect. The extent of the casualties, it was announced, was unknown.

General Montegudo, in command of the Cuban army, is busy in Oriente province disposing of his forces for a decisive movement against the enemy. This was expected to take place to-morrow. Numerous instances of depredations by the rebels are reported.

Unsettling continues between the government troops and insurgents, but without important results.

President Gomez to-day sent a message to Congress transmitting the correspondence between the Havana and Washington governments in the uprising. With the message was transmitted a dispatch by the commandant of the naval station at Guantanamo acquainting General Montegudo of his intention to send the marines of the gunboat Paducah to Daiquiri.

Annexed to the message was General Montegudo's reply that he had arranged for the protection of Daiquiri with an ample force; that he could not consent to the landing of American marines without the acquiescence of his government, and protesting against the proposed action as entirely unnecessary.

LAYS DOWN ULTIMATUM

Foss Demands Greater Control Over Public Service Corporations.

Boston, Mass., May 31.—In a formal statement to-night, Governor Foss laid down an ultimatum to the Legislature, declaring that he will not sign any railroad legislation unless that body sends to him a law providing for the establishment of a public utilities commission or some other measure giving to public authority a greater degree of control over public service corporations.

"We have in Massachusetts a condition which must be remedied, in the interest of the people, and I propose to do all in my power to see that it is remedied," he said. "My duty is to see to it that no further powers and privileges be granted to the railroads until the people are given further control."

HAS GAMING FEVER

Prisoner Asks for Surgical Operation on Brain to Cure Him.

Cleveland, O., May 31.—William L. Bernard, thirty, of Columbus, who to-day pleaded guilty to having pawned \$10 worth of samples of a knitting company to pay New York gambling debts, asked the court to permit an operation on his brain to cure his craving for gambling.

Bernard desired the operation rather than a prison sentence.

Attorney asked his gambling fever robbed him of all reason; that he believed an operation would cure him, but if not, he nevertheless would be happy to have given surgical science an opportunity to determine whether a gambling mania might be cured with a knife.

The prosecuting attorney agreed to have an examination made by alienists, and pending their report Judge Kennedy postponed the sentence.

PARKER'S HAIR BALM

THINKS GIRL WAS MYRTLE HAWKINS

Shelnutt, Star Witness for Defense, Wilts Under Severe Cross-Examination.

Hendersonville, N. C., May 31.—Opening his testimony with the flat declaration that he had seen and talked with Myrtle Hawkins on Bay Street, Jacksonville, Fla., several weeks after her body had been supposedly found in Lake Okechola, W. O. Shelnutt, an Atlanta traveling man, long touted as the star witness for the defense in the Myrtle Hawkins case, and who informed a press representative last week that for the sum of \$3,000 he would produce Myrtle Hawkins alive in the Hendersonville courtroom, wilted under the searing cross-examination to-day and declared that he "would not swear positively that the girl he had talked to was Myrtle Hawkins; that he might have been mistaken, as 'no man was perfect.'"

He admitted that he had told a press reporter that for \$3,000 deposited in a local bank he would produce the living body of Myrtle Hawkins, now generally supposed to be dead. On the stand, however, when asked by the cross-examining attorney if he, being willing to see justice done at that price, would produce the girl, Shelnutt said he "thought he could."

An unexpected witness appeared in the person of John W. Deaver, of Transylvania county, who having stopped over in Hendersonville to change trains voluntarily entered the court and informed attorneys for the defense that he had met and talked with W. O. Shelnutt last January at Orlando, Fla., and that he (Shelnutt) had told him then that Myrtle Hawkins was not dead, as he (Shelnutt) had talked to her a few days previously at Jacksonville.

Mr. Deaver was immediately placed upon the witness stand, where he testified as stated. Stella Wilson, a boarding house keeper of Jacksonville, sent evidence that Myrtle Hawkins, or a girl who gave her name as such, had been with her last December and January. The Wilson woman, as shown in her deposition, had identified a picture of Myrtle Hawkins as being the dead woman.

Dan W. McCall, one of the defendants, and his wife, took the stand and swore that they had no knowledge as to how Myrtle Hawkins, if she was dead, had come to her death.

VIRGINIANS FOR TAFT

Will Stand by Him as Long as They Think He Can Win.

[Special to The Times-Dispatch.]

Washington, May 31.—Politics was reviewed here at length to-day, when Congressman Sloop, who has been away for two or three weeks, met National Committeeman Alvah H. Martin and other leading Republicans from Virginia and discussed the situation with them. A call from Secretary Hill at the White House to Mr. Sloop notifying him that a visit there might not be out of place at this time, was the assurance of that the Old Dominion Republicans will stand firm for him, was one of the incidents of the day.

Mr. Martin and the other leaders got here this morning and met Mr. Sloop at the Willard Hotel, where several small children of the household, including the Chicago convention, the question of how far the Virginia delegates should go in backing up Taft, future patronage should Roosevelt be elected, etc.

There seems to be little doubt that Virginia delegates to Chicago will vote for Senator Root for temporary chairman, and that they will stand loyal for Taft until they see the light slipping away, although something unexpected may happen at any moment. At this time Sloop and Martin have the organization forces in excellent shape, and with the big patronage machine running smoothly, there is little reason to believe they will desert Taft, unless they think he will be defeated. In that case there may be a quick face-about movement and probably a hurry-up call for the Roosevelt band wagon.

He added that there could be no halt until a complete victory had been attained, declaring that all parties in Italy had agreed on that.

CASE IS DISMISSED.

Mother and Daughter Exonerated of Charge of Murdering Infant.

[Special to The Times-Dispatch.]

Lynchburg, Va., May 31.—At a hearing this morning before Justice P. W. Whitaker, sitting on the police bench, Mrs. Anna E. Staples and her daughter, Hattie, were exonerated of the charge of having murdered the child of the young couple. Three witnesses were examined, they being City Coroner Dr. George P. Hamner, Dr. A. L. Wilson and Pat Murphy. The testimony taken by the coroner's jury and the investigations conducted by Detectives Childress and Irvin and Sergeant Smith were omitted.

The Commonwealth established the fact only that the child came to its death by suffocation, but failed to show whether or not it was accidental or intentional. Commonwealth's Attorney R. D. Vance prosecuted the defendants and Attorney John L. Lee appeared in their defense. The only plea made was by Mr. Vance, asking the case to be sent to the grand jury. Mr. Lee did not deem a plea necessary. The court said that there was nothing shown beyond a slight suspicion, and dismissed the case.
